

ELECTRICAL AND ELECTRONIC DEVICES EQUIPPED WITH POWER DEVICE	Permitted in Carry On baggage	Permitted in Checked baggage	Limitations and Provisions for carriage
<p>PORTABLE ELECTRONIC DEVICES CONTAINING LITHIUM BATTERIES</p> <p><u>Watt-hour rating not exceeding 100Wh.</u> PED – Portables Electronic Devices containing lithium ion cells or batteries not exceeding 100Wh or lithium metal not exceeding 2g: <i>watch, camera, cell phone, tablet, computer, small drone, etc</i></p> <p><u>Watt-hour rating exceeding 100 Wh but not exceeding 160 Wh.</u> PED – Portables Electronic Devices containing lithium ion batteries more than 100Wh but not exceeding 160Wh: <i>power tools, video camera, drones, etc. ...</i></p> <p><u>Watt-hour rating exceeding 160Wh</u> Electronic devices and other items powered with lithium ion batteries exceeding 160Wh or lithium metal exceeding 2g: <i>electric moving gear, large professional tools, professional drone, etc.</i></p> <p>FUEL CELLS USED TO POWER PORTABLE ELECTRONIC DEVICES</p> <p>Fuel cells used to power portable electronic devices such as cameras, mobile phones, laptops and camcorders.</p> <p>INVERTER BATTERY DEVICES</p> <p>Portable electronic devices operating with reversible batteries called "dry batteries" or "liquid gel batteries"</p> <p>OTHER ARTICLES POWERED BY LITHIUM BATTERIES</p> <p>ELECTRONIC CIGARETTE Electronic cigarettes and other personal vaporizers powered by a lithium battery: e-cigarettes, e-cigars, e-pipes, e-shisha, electronic nicotine delivery systems.</p>	<p>Yes</p> <p>Yes</p> <p>No</p> <p>Yes</p> <p>No</p> <p>Yes</p> <p>No</p> <p>No</p> <p>On your own person</p>	<p>Yes</p> <p>Yes</p> <p>No</p> <p>No</p> <p>No</p> <p>No</p> <p>No</p> <p>No</p>	<p>Limited to a maximum of 15 PED per person for personal use. Devices in the checked baggage must be completely switched off and protected from damage.</p> <p>➤ <u>Prior approval is required</u></p> <p>Devices in the checked baggage must be completely switched off and must be protected from damage.</p> <p>Fuel cells must be of a type that will not charge the batteries when the device is not in use. Fuel cell must be marked "approved for carriage in aircraft cabin only".</p> <p>The use and refill of electronic cigarettes and other vaporizers is not allowed on board. Spare batteries for electronic cigarettes must be individually protected against short circuits and carried in the cabin.</p>

<p>MOBILITY AID</p> <p>Battery-powered wheelchairs or other similar mobility devices with lithium batteries collapsible only.</p> <p><i>Note : Our Cargo hold configuration do not permitted the loading of battery powered wheelchairs with non-spillable wet batteries or lithium batteries.</i></p>	Yes	No	<p>➤ <u>Prior approval is required</u></p> <p>The carriage of such equipment must be requested and prior arrangement made with our reservation department.</p>
<p>TRANSPORTATION DEVICES FOR LEISURE PURPOSES</p> <p>Electric bicycles Electric bicycles, for leisure purposes, powered with lithium batteries.</p> <p>Small personal transportation devices Powered recreational devices powered with lithium batteries such as electric scooters, hoverboards, monorails, Segways, waveboards, motorized luggage</p>	No	No	<p>➤ <u>St. Barth Commuter Restriction.</u></p> <p>Transportation devices for leisure ore recreational purposes and powered by lithium batteries are not allowed even if the batteries are removed from the device</p>
<p>BAGGAGE CONTAINING LITHIUM BATTERY</p> <p>Baggage equipped with removable lithium batteries. Any baggage equipped with a removable battery for recharging personal portable devices or powering integrated electronic functions (weight sensors, GPS trackers, etc.)</p> <p>Baggage equipped with non-removable lithium batteries Motorized baggage scooter.</p>	Yes	Yes	<p>Allowed in the checked luggage provided that the battery is removed and carried in the cabin.</p> <p>These baggage are considered as small personal transportation devices and are not allowed.</p>
<p>HEAT PRODUCING ARTICLES</p> <p>Battery-powered equipment capable of generating extreme heat which could cause fire if activated.</p>	Yes	Yes	<p>➤ <u>Prior approval is required</u></p> <p>The heat producing component or the battery is packed separately so as to prevent activation. The heat producing component must be removed. Any battery which has been removed must be protected against short circuit and carried in the cabin.</p>
<p>Electronic Devices that are damaged, defective or recalled by the manufacturer are not permitted.</p>
